

OASIS
INTERNATIONAL

Satisfying Africa's Thirst for God's Word

2025 IMPACT REPORT

A Note from the President

A Year of Breakthrough, Refinement, and Discipleship Multiplication

As I look back on 2025, I am filled with gratitude for what God has done through Oasis—and through you. This was a defining year. Across the continent, believers continued to express a deep hunger for discipleship resources rooted in African realities. Because of your generosity, prayers, and partnership, that hunger was met in powerful and tangible ways. Together, we were able to:

- Deliver over **25,000 Africa Study Bibles** to the most spiritually unreached and underserved regions in Africa.
- Equip **20,000 young people** across West Africa with God's Word.
- Release our **first fiction title** and our **first-ever Africa Study Bible eBook**—two long-awaited milestones.
- Expand our **French discipleship resources**, meeting an urgent and growing need in Francophone Africa.
- Strengthen partnerships with ministries **serving the persecuted church** and mobilizing national Christian movements.
- Refine and clarify the **Oasis mission model** focused on multiplying discipleship impact through empowered African leaders.

Because of you, Oasis resources didn't simply reach hands—they shaped hearts, churches, and communities. You helped ensure that leaders across Africa received tools that speak into their context, strengthen their faith, and multiply disciples.

Thank you for standing with us in this mission. Together, we are equipping leaders and students in Africa for a lifetime of impact.

Maranatha,
Matthew Elliott, PhD

Reaching Africa's Unreached—Strengthening the Church in Northern Uganda and South Sudan

17,720 Africa Study Bibles Delivered

In a region marked by instability, displacement, and rising tensions, the need for strong biblical foundations **has** never been more urgent.

This year, through our partner **Reaching Africa's Unreached (RAU)**, an unprecedented investment was made to equip pastors across **Northern Uganda, South Sudan**, and the **West Nile region** with the *Africa Study Bible*.

Many of these pastors serve in remote, conflict affected areas where churches lack training, materials, and support. With the *Africa Study Bible* in hand, leaders can now apply Scripture through culturally relevant insights—helping them teach sound doctrine, disciple new believers, and strengthen churches that stand at the frontline of spiritual and social hardship.

RAU's growing resource center—serving Ugandan pastors, refugee camps, and Sudanese believers fleeing violence—ensures that Bibles, study tools, and theological books reach those who need them most. Together with ongoing training through RAU, these resources, including the *Africa Study Bible*, are empowering leaders to **plant** churches, reach unreached people groups, and multiply disciples in some of the hardest places to follow Christ.

In a time of great need, your support is placing God's Word into the hands of those carrying the hope of the gospel into the heart of East Africa's most vulnerable communities.

Click [here](#) to watch the exciting moment the first container arrived in Northern Uganda

First shipment of **6,100 Africa Study Bibles** arrived in Northern Uganda early 2025.

\$200,000 raised—including a transformative **\$50,000 match** from ChristianBook International Outreach.

Jacob Lee, RAU Missionary writes:

"Our hearts are overflowing with joy! The long-awaited first installment of the Africa Study Bibles has arrived. These Bibles will shape church leaders who will teach others who teach others—discipleship as God designed it."

Read Jacob's inspiring update [here](#)!

Second shipment of **11,600 Africa Study Bibles** will follow, bringing the total to 17,720 in total.

Pastors and church leaders training under the RAU module.

Growing and Strengthening the Faith of Future Generations

Compassion International Ghana – Celebrating 20 Years With Scripture

To commemorate two decades of ministry, **Compassion International Ghana** partnered with Oasis to produce 10,000 custom New Living Translation Text Bibles—our first-ever medium-sized edition. A milestone for them, and a new publishing milestone for Oasis.

More than 50,000 children living in poverty across 12 of the 16 states in Ghana will receive care, protection, and nurturing, allowing them to learn, grow, play, and dream. Additionally, they will each receive a Bible to help them develop their faith, including 10,000 copies of the Oasis **New Living Translation: Africa Edition Bibles**.

Manager of Program Support, Compassion International,
Ghana, at the Compassion International Office in Accra.

Young Life and Scripture Union Partnerships – 25,000 Teens Equipped with Bibles

We joined **Young Life** and **Scripture Union** across three nations—to get God’s Word into the hands of youth in active discipleship.

The goal was to distribute 25,000 school Bibles at an incredibly affordable cost of just \$5 per Bible. With this initiative, three nations were equipped—Ghana, Liberia, and Nigeria—with essential resources for spiritual growth.

Each Bible not only reached a teen but also played an instrumental role in their personal discipleship, ensuring that future leaders were strengthened in their faith.

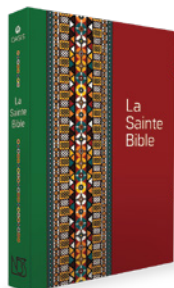

By placing these Bibles in their hands, the faith of the next generation of leaders is being shaped and will make a lasting impact on their lives.

Publishing Milestones: Strengthening the Church in Africa

2025 was a historic publishing year. Oasis released new formats, new languages, and our first fiction book—expanding our discipleship reach.

FRENCH TEXT BIBLE

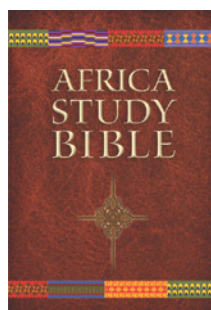

A Critical Resource for Francophone Africa

There is a growing famine for Scripture across Francophone Africa—home to more than 120 million French-speaking Christians, many of whom still lack access to a full Bible they

can read and understand. In several countries, **fewer than one in five pastors own a study Bible**, and believers often share Bibles across entire congregations. Launching our **second French Bible** is a critical step toward meeting this immense and urgent need.

This value-priced French Text Bible brings the trusted **New Second Bible**, a clear and accurate biblical text, to a region where the hunger for biblical resources far outweighs the supply.

AFRICA STUDY BIBLE EBOOK

For years, believers across Africa asked, “When will the *Africa Study Bible* be available as an eBook?”

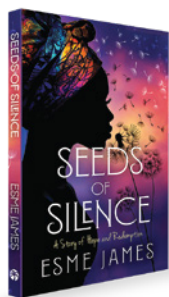

Now it is here—and available globally.

Why it’s a game-changer:

- Accessible everywhere
- Fully searchable and easy to study
- Packed with 2,600+ African contextual notes
- Perfect for pastors, students, and mobile learners

OUR FIRST FICTION BOOK

Seeds of Silence By Esme James

We’re excited for the release of our first fiction title. A powerful West African retelling of Hannah’s story, *Seeds of Silence* gives voice to women navigating infertility, cultural shame, and unanswered prayers.

Set in Sierra Leone, it speaks hope, resilience, and faith to countless women walking a silent journey of childlessness.

EXPANDING FRENCH PUBLISHING A Strategic Leap

French-speaking Africa faces a severe shortage of discipleship resources.

In addition to the French Text Bible, we launched a French publishing track including:

- *Stand Up for the Gospel* French Edition
- *Helping Without Hurting in Africa* French Edition (and Swahili Edition)

Major Projects Launched for 2026 and Beyond

Equipping Pastors and Strengthening the Persecuted Church

In 2025, Oasis International launched two landmark initiatives with two partners that will multiply ministry impact across Africa for years to come. Together, these two transformative projects are equipping frontline pastors, strengthening persecuted Christians, and multiplying the impact of God's Word across the continent—thanks to the faithful generosity of partners like you.

Christian Association of Nigeria

The **CAN Bible Project**—a national movement with the Christian Association of Nigeria—began its bold mission to **equip 500,000 Nigerian pastors**, especially in rural and underserved regions, with the *Africa Study Bible* and essential discipleship tools.

With most pastors serving without resources or formal training, each study Bible becomes a lifeline—strengthening entire congregations, countering false teaching, and rooting ministry in Scripture and African wisdom.

[Click here](#) to get involved in the CAN Bible Project

Open Doors

The **Open Doors Partnership** introduced the *Persecution Study Bible*, a special edition of the *Africa Study Bible* in English and French, created for believers suffering for their faith.

From 2026 through 2028, **100,000 Bibles** will be distributed **across 31 of the most persecuted nations in Africa**, offering courage, biblical insight on endurance, and testimonies of hope from regions where following Jesus costs everything.

Courageous Ministry in the Face of Persecution

Courageous believers in Northern Nigeria have refused to abandon their faith, even in the face of persecution. Their strength reminds us why Scripture is absolutely vital to grow the church.

*"Through your faithful partnership, we have witnessed how the **Africa Study Bible** and other literature are restoring hope in communities devastated by conflict, natural disasters, and hardship. The testimonies of men and women holding onto the Word with joy remind us that God's Word never fails and that together, we are taking the gospel from Africa to Africa and to the world beyond," Venerable Mark Mukan shares.*

Now, Mukan is courageously stepping into a new project: sharing the *Africa Study Bible* with 30 leading Imams across northern Nigeria—building bridges and planting seeds of peace.

Understanding the Oasis Ministry Model

Empowering Discipleship Across Africa

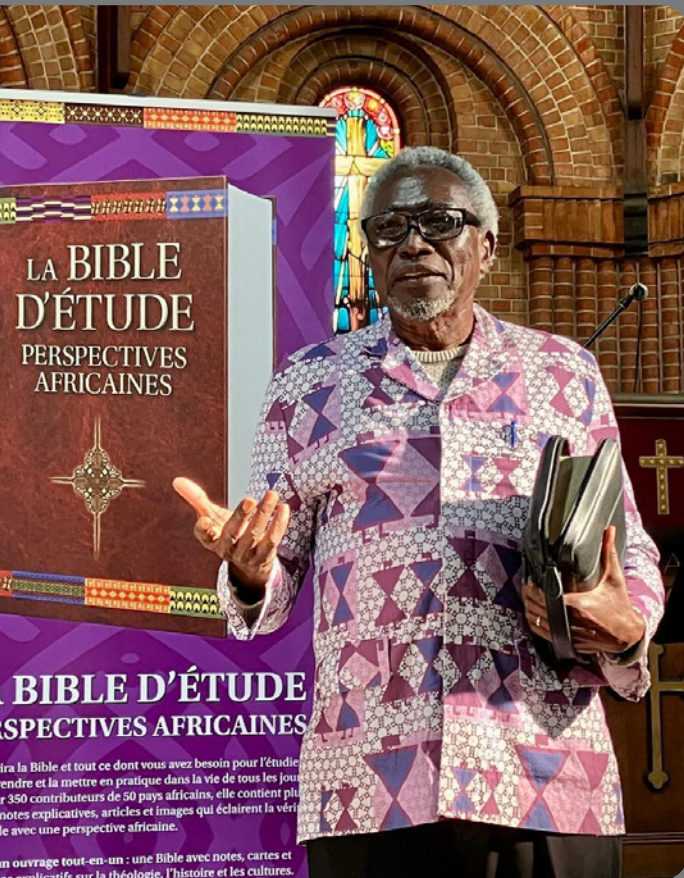

This year we clarified the heartbeat of our mission to create and distribute world-class, contextualized Bibles and biblical resources through utilizing six pillars that informs everything we do. This model guides every Bible printed, every book launched, every partnership formed.

A Tribute to Those Who Strengthen the Church: Meet Prof Dr Abel Ndjerareou

As we close this year's impact report, we want to honour one of the quiet pillars of the church in Francophone Africa: Prof Dr Abel Ndjerareou, Oasis Board member, pastor, theologian, and mentor to thousands of Christian leaders across the Sahel.

Prof Abel would never call himself a pillar—so we will say it for him, humbly and with gratitude. His life embodies the heart of our mission: faithful leaders, serving in hard places, shaping the future of the church in Africa through the power of God's Word.

Over the years, Prof Abel has travelled through regions marked by political instability, religious tension, and deep spiritual hunger—from southern Chad to towns on the edge of the Sahara. There, he has witnessed pastors walk 20, 30, even 40 miles through mountains and bush just to receive training with *La Bible d'étude: perspectives africaines* or BEPA, the French version of the *Africa Study Bible*. In one seminar, a pastor opened Scripture and said, "I never understood it that way—now I see it clearly."

Stories like these remind us why we do this work—and why we are so thankful for partners like you who make it possible. Abel says it best in the video: "Thank you for your investment in people. God is using it in ways you cannot imagine."

We invite you to watch this short conversation between Prof Abel and Dr Matthew Elliott, President of Oasis International, celebrating what God is doing across Francophone Africa and the leaders your generosity is equipping. [Click here to watch the video](#)

Thank you for standing with us—and with leaders like Prof Abel—so that God's Word can continue transforming communities across the heart of Africa.
